We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the School District's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

We applied certain limited procedures to the management's discussion and analysis, budgetary comparison information, schedule of proportionate share of net pension liability (asset), schedule of contributions – pension plans, and schedule of changes in total OPEB liability and related ratios which are required supplementary information (RSI) that supplements the basic financial statements. Our procedures consisted of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We did not audit the RSI and do not express an opinion or provide any assurance on the RSI.

We were engaged to report on the schedule of expenditures of federal awards, which accompany the financial statements but are not RSI. With respect to this supplementary information, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information. We did not audit the information and do not express an opinion on the information. In accordance with the Uniform Guidance, the method of preparing the information is not changed from the prior period, and the information is appropriate and complete in relation to the information presented.
